## **In New Book, Author Michael Moody Talks About Contradictions Between Romney, His Politics and Mormonism**

LAS VEGAS--([BUSINESS WIRE](#))--In *Mitt, Set Our People Free! A Seventh Generation Mormon's Plea for Truth*, Author Michael D. Moody Exposes the Contradiction That Romney Embraces Every Day as a Mormon.

Moody, a former BYU classmate and Cougar Club Brother to the 2008 and 2012 presidential contender, discusses the hypocrisies of Mormonism in an open letter to Mitt Romney in the book [www.mittsetourpeoplefree.com](http://www.mittsetourpeoplefree.com). He delivers an insider's look at politics, Mitt, and the Mormon Church, contending these hypocrisies relate directly to the manipulative mind of Joseph Smith and to practices like communalism and polygamy that he incorporated into his nineteenth century cult.

Romney's sworn allegiance to the Mormon Church—the Great American Cult—belies his bald-faced claim that he is a conservative Republican. Nothing could be further from the truth. Romney has taken an LDS temple oath to uphold the Law of Consecration, the Church's communal, socialist system which has been its organizational structure since the 1830s. Moody reminds Romney and warns Americans that according to LDS prophets Joseph Smith and Brigham Young, this structure is the Order of Heaven from “eternity to eternity.”

Romney repeatedly calls President Obama a liberal who wants to transform America into a European-style socialist state, yet, despite his business credentials at Bain Capital, Romney has sworn to uphold the tenets of the Mormon system. In recent decades the Church has tried to reinvent itself as a mainstream Christian Church, while Romney, the Church's political front man, has reinvented himself as a social conservative.

Moody writes, “I can't quietly stand aside and watch you march into the American Presidency...a man who believes in a phantom ancient culture, believes the fictitious Book of Mormon is the most correct book on earth, and who reveres Joseph Smith as a Christian prophet. Your political success would advance the Mormon cult kingdom, and that's unacceptable. Not on my watch!”

A contemporary war rages between those who know the “New Mormon History” and those members who live in a programmed state of denial. Moody challenges Romney to use his respected position as a multigenerational Mormon and former bishop and stake president to lead a modern exodus out of the Great American Cult.
